

# Wendy Lanjaya

Computer Science Student | Data Analytics | Data Visualization

Computer Science student at BINUS University with a primary interest in Data Analytics and Data Visualization. Experienced in academic projects involving data cleaning, data analysis, and dashboard development using Python, SQL, Tableau, and Power BI. Also interested in UI/UX and Web Design.

## PROJECT EXPERIENCE

### DATA ANALYSIS - PYTHON

#### Academic Project

- Performed data exploration and analysis using Python.
- Analyzed datasets to identify relevant patterns.
- Used Google Colab for data analysis.
- Tools: Python, Google Colab

### DATA CLEANING - PYTHON

#### Data Analytics Project

- Cleaned and prepared datasets before the analysis process.
- Applied data cleaning techniques using Python.
- Documented the data preparation process using Jupyter Notebook.
- Tools: Python, Jupyter Notebook

### ANALYTICS DASHBOARD - TABLEAU

#### Data Visualization Project

- Created an interactive dashboard to visualize and present data.
- Used charts and dashboard views to make information easier to understand.
- Tools: Tableau

### DASHBOARD - POWER BI

#### Data Engineering Group Project

- Presented data through charts and visualizations.
- Presented data through charts and visualizations.
- Tools: Power BI

### HCI INTERACTIVE PROTOTYPE

#### Human-Computer Interaction Project

- Designed an interactive application prototype using Figma.
- Applied UI/UX principles during the design process.
- Tools: Figma

## CERTIFICATIONS

### HackerRank

- Python
- SQL
- Java

### SoloLearn

- Python
- AI-Powered Product & UX
- C Programming
- Java

## KEY SKILLS

### Data Analytics

Python • SQL • Data Cleaning • Data Analysis

### Visualization

Tableau • Power BI • Dashboard

### UI/UX

Figma • Wireframing • Prototyping

## EDUCATION

### BINUS University

Bachelor of Computer Science

2024 - 2028

IPK : 3.30

## BAHASA

Native  
Indonesia

9/10  
Chinese

8/10  
English

## TECHNICAL SKILLS

### SQL

### Python

### Figma

### Tableau

### Power BI
